**SECTION I
INTRODUCTION**

1. scope

This manual is a list of basic issue items and repair parts required for the performance of Organizational, Direct Support, General Support, and Depot Maintenance of the Bayonet-Knife M4, M5, M5A1, M6, and M7 with Bayonet-Knife Scabbard M8A1.

2. General

This basic issue items and repair parts lists are divided into the following sections:

a. Basic Issue Items List (BIIL)-Section II. A list of basic issue items and are requisitioned for initial issue only in accordance with TO&E.

b. Prescribed Load Allowance List (PLL)-Section III. A consolidated listing of repair parts quantitatively allocated for initial stockage at the organizational level. *This is a mandatory minimum stockage allowance.*

c. Repair Parts List-Section IV. A list of repair parts and components of major combinations authorized for the performance of maintenance at the organizational level.

d. Repair Parts List-Section V. A list of items which are issued as components of major combinations. Replacement of these items will be requisitioned separately under their individual stock numbers. Also a list of repair parts authorized for the performance of maintenance at the direct support, general support, and depot level.

e. Maintenance Allocation Chart-Section VI. A list of specific maintenance operations performed at the proper maintenance levels. Deviations from maintenance operations allocated in the chart is authorized only on approval of the Commanding Officer.
